PROFILE

Frontend Developer with 3+ years of experience building fast, responsive web applications with React, Next.js, and TypeScript. Focused on clean UI, accessibility, and performance, with hands-on experience integrating REST APIs and deploying on Vercel and Netlify. Works remotely to ship professional, user-friendly products aligned with real business needs.

WORK EXPERIENCE

Frontend Developer · Freelance / Remote

2022 – Present

- Built and customized responsive web applications for different businesses and brands using React and Next.js.
- Developed reusable, component-driven UIs with TypeScript and Tailwind CSS for fast, maintainable interfaces.
- Integrated REST APIs and third-party services, including AI features powered by the Groq API.
- Optimized performance, accessibility, and SEO to improve visibility and user experience.
- Fixed layout issues, bugs, and cross-browser problems across multiple projects.
- Deployed and maintained projects on Vercel and Netlify with Git/GitHub-based workflows.

Shopify Developer · Freelance / Remote

2021 – Present

- Developed and customized Shopify stores using Liquid, HTML, CSS, and JavaScript.
- Created custom sections, sliders, and dynamic functionality through custom coding.
- Handled store setup, product uploads, navigation, and app integrations.
- Performed bug fixing and Shopify SEO optimization to improve store performance.
